STUARTS RAID.

PHILADELPHIA, Jan. 2.—The Washington Star says in the recent raid rebel Stuart crossed his telegraph operator to intercept Union Messengers at Burks Station, thus learning more or less concerning efforts to intercept him, and redness of our forces at Fairfax Station and Fairfax C. He also sent various messages over the wires; one to Fairfax Station purporting to order from here the instant destruction of a considerable quantity of army stores accumulated there. DR. BRADLEY,

DENTIST

359 TAIRD ST., WEST OF PHILLIPS HOUSE,

CALLS particular attention to VULCANIZED RUBBER as a base for Artificial Teeth. It is fast, secure, and resists all kinds of material used for that purpose. Being the first to introduce it in this country, he can assure the public that it is safe, and that it is truly a valuable improvement. In three particular cases, at least, it is preferable to all other teeth, more perfectly than metallic plates and similar lighter ones. See his paper, clearly and concisely, and as distinctly, as he has ever thoroughly tested. He also calls attention to his mode of fitting teeth, using adhesive gold, and mallet pressure, etc.
